After that we have prepared a surprise for you, followed by a complementary welcome dinner where we get to know each other.

THE JOURNEY

We start the day with a breakfast in the trendy cafe's of Canggu. Then, we will be taking Surfing lessons (with a professional surf instructor), the waves are suitable for beginners so no worries. After having your first surf, we will celebrate that in Potato Head Bali, named by many critics as one of the worlds best beach clubs in the world. We end the day visiting the famous Tanah Lot Temple while enjoying its breathtaking sunset view.

THE JOURNEY

Day 03 - Seminyak/Ubud

We head to the spiritual city of Bali, Ubud. We will be welcomed with the famous monkey's, and if we are lucky we might be able to take a selfie with them. After that we head to the only temple that tourists can also participate in its rituals. Followed by a visit to the rice terraces and the Swings of Bali, yes the same ones you see on intagram. We then have our second surprise of this trip, which will be the perfect end for the day.

THE JOURNEY

Day 04 - Ubud

Our slogan, is “experiences beyond your space”. This is why we apologize in advance for waking you up early at 2:30am. But we promise you, it will be worth it. As you will forget that bed once you will see the incredible sunrise views from the top of the Volcanic Mount Batur. Later, we will enjoy the hot spring pool just under the mountain and relax. After that we will learn how to make the best Balinese cuisines as we take a cooking class.

THE JOURNEY

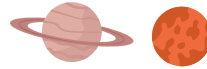

Day 05 - Ubud

Prepare for the most Adrenaline day of the trip. As we start early in the morning with an optional trip to the waterfalls, just before we head to the water white rafting in the Ayung river, which is an extremely thrilling experience. Then moving away from water, to head to the jungles, but not walking, we will go with the quad bikes that will surely get your adrenaline running even more.

THE JOURNEY

Day 06 - Ubud/Nusa Penida

Time for some island hopping adventure. We head to one of the most beautiful destinations in south east asia, with beautiful cliffs and beaches, and of course incredible sunsets. We have a surprise experience here waiting for you. Hint, its Something aligns with “Dont judge its book by its cover”

THE JOURNEY

Day 07 - Nusa Penida

We cannot come to Nusa Penida and not try one of their best activities, snorkelling. The views will surely leave you in a waaw. Once we finish, we will head to what probably is the most instagrammable picture of Bali. The T-Rex. We will have our own mini hiking adventure until we reach to the beach, and just relaaaaax.

THE JOURNEY

Day 08 - Nusa Penida/Uluwatu

With the option of sleeping late, or waking up early to visit the natural infinity pool of Bali. We will enjoy our time with a quick dip, come back to the hotel to prepare for checkout. Then we head back to Mainland Bali, but this time to the most southern side of the island, Uluwatu. We will witness a traditional Balinese dance show, known as Kecak Dance.

THE JOURNEY

Day 09 - Uluwatu

This will be a relaxing morning, with the option of heading to the beach for sunrise, followed by a morning session of Yoga with the beautiful views of Uluwatu. We then check out to head to the most famous restaurant in Uluwatu to enjoy the mesmerizing views of Uluwatu cliffs. To then finally head back to Seminyak.

THE JOURNEY

Day 10 - Uluwatu/Seminyak

It is only ideal to spend the last morning as free time, so for whoever want to do some final shopping or just enjoy whatever comes to mind on that day. In the evening, we will have the option of heading to the world biggest beach club which only opened recently in Bali. Which makes Dubai Beach Clubs look like a mini park.

THE GOOD BYE

Day 11 - Seminyak

Probably there wont be much to say. Other than a day full of emotions & tears. As each person heads their own way.
